**Subject:** Re: CDOT final MS4 audit submittal

Hi Alysia, Rick will be out of the office due to a family emergency. If you need any assistance with the site, let me know and I will have one of my team help get it fixed. Hope everything is working now.

Tom

Hi Rick,

Please disregard my last email, I think I figured it out for both items.

Thanks so much!

**Subject:** RE: CDOT final MS4 audit submittal

Hi Rick,

I was having some problems opening up some of the documents on the ftp site (in some cases the documents do not open at all, in other instances I am prompted for the log-in information again but the document will still not open once I have entered it). I have not gotten a chance to go through all of the documents again to check and see which ones work and which ones do not (I am not sure if you will need a listing of exactly which ones have issues) but is there a way you could look into this to see if there is some type of access issue with our username/password for some of the documents. In addition, could you please let me know if there is a way that I can do a mass download of the documents. I am trying to get the documents saved electronically for our files here and have only been able to save them one by one (which has been very time consuming). If you could please provide me with some assistance, I would greatly appreciate it.

Thank you very much!

Alysia

**Subject:** Re: CDOT final MS4 audit submittal

Dear Ms. Tien:

On April 10th, 2015 CDOT submitted to EPA inspection and 105 documentation in relation to the I-25 Widening North of Colorado Springs project. Since that submittal additional 105's have been found, including 2 relating to liquidated damages. These additional 105's have been added to the ftp site under a folder labeled "Additional Requested Documentation on 4-20-2015".

Please access the documents with the following instructions:

1. Open **Google Chrome** web browser
2. In the address field, type: <ftp://yogi.dot.state.co.us/audit/EPA/> and press **ENTER**.
3. A security window will open requiring the user to enter a User name and Password. Enter the user name and password (below)
4. Press the **Log On** button.

User name: EPAuser

Password: ColoradoEPA\_1

Please contact me with any further questions or document requests. You may also contact Tom Boyce ([tom.boyce@state.co.us](mailto:tom.boyce@state.co.us)), Amber Williams ([amber.williams@state.co.us](mailto:amber.williams@state.co.us)), Jean Cordova ([Jean.Cordova@state.co.us](mailto:Jean.Cordova@state.co.us)), or Rozellynn Hall ([Rozellynn.hall@state.co.us](mailto:Rozellynn.hall@state.co.us)).

Thank you,

Rick Willard
